Improving Wellbeing for Teachers and Pupils	All school staff including senior leaders, teachers, TAs and leaders	Discover a range of practical strategies to encourage your pupils and your staff to grow their own wellbeing. This course explores how both teachers and children can build resilience and tenacity to achieve progress and provides answers to these questions: <ul style="list-style-type: none"> • What does wellbeing look like? • How can we support the mental health and wellbeing of staff, and pupils? • What impact will this have on all levels of learners? 	Details coming soon. Contact MKTSA to confirm availability.

- What impact will this have on motivation, recruitment and retention of staff?
- How can we encourage all individuals to be more self-aware, and engage them in activities that will benefit them and the whole school community?
